

WEBINAR | HOLDING HEALTH CARE RANSOM - HOW TO REDUCE THE THREAT

Ransomware attacks against health care organizations are increasing at an alarming rate. Many organizations have implemented industry-standard practices to mitigate the risk of becoming a victim of such an attack, but the attacks still continue unabated. Join Hall Render, Hall Render Advisory Services and Amazon Web Services as we define the ransomware challenge in health care, discuss what has been done to date and dialogue on potential new solutions and modern approaches to reducing the threat.
