HALL RENDER ADVISORY SERVICES

CODING AND BILLING CONSULTING

Our coding advisors also bring to the table a deep bench of expertise in coding and billing best practices and procedures and can provide assistance related to:

- Performing coding compliance reviews for facility and professional services, as well as specialty providers
- Assisting legal counsel with documentation, coding and billing reviews and engagements under attorney-client privilege
- Providing coding compliance education for physicians, non-physician practitioners and therapists
- Serving as co-sourced resources to conduct coding compliance auditing/monitoring for compliance and/or internal audit departments
- Providing documentation analysis of physician and non-physician practitioner coding and billing of evaluation and management and procedural services to identify risks and revenue opportunities, including high-risk areas such as:
  - 'Incident-To'
  - Scribe documentation
  - Copy/paste overutilization
  - Split/shared visits
  - Physicians at teaching hospitals (PATH)
  - Critical care services
  - Inpatient rehabilitation facility therapy
  - Analyzing provider evaluation and management bell curves to identify risks and revenue opportunities
- Providing a risk-based approach to monitoring procedural and diagnosis code assignment and modifier application for physician practices and hospital outpatient services including:
  - Emergency room charge capture
  - HBO therapy
  - Facility evaluation and management
  - Radiology
  - Laboratory
  - Chemotherapy/oncology
  - Infusion services
  - Telemedicine compliance and education
  - Optometry
  - Covid-19 ICD-10 reporting
  - Behavioral health
- Reviewing documentation for accurate hierarchical condition category capture, gap analysis and reporting
